arjun.haridasan.1999@gmail.com Bangalore, India

Game tester with four years across functional, regression and compliance testing on PC, PlayStation, Xbox and Nintendo Switch. Grew from trainee to senior test engineer leading a team of 24, and now in QA at Kwalee. Known for clear, actionable bug reports, careful triage and keeping a team moving.

EXPERIENCE

Kwalee · QA
Mar 2026 – Present

Side · Senior Test Engineer
Mar 2025 – Mar 2026

- Led a team of 24 testers on Gen 8 platforms, assigning work to each tester's strengths and mentoring juniors.
- Reviewed bugs and attachments daily, kept P0–P3 priorities current and helped the team lead with the daily status report.
- Wrote client-facing reports with clear, actionable feedback.

PTW · Test Engineer
Mar 2024 – Mar 2025

- Wrote and ran 400+ test cases covering every area of functionality; reported 1,000+ bugs with design references.
- Functionality, regression, smoke, sanity, ad-hoc and re-testing on PC, Gen 9 (PS5, Xbox Series X|S) and Gen 8 (PS4, Xbox One).
- PC-guideline checks and compliance test cases (TRC / XR).

PTW · Trainee Test Engineer
Jul 2022 – Mar 2024

- Compliance testing for Sony: documented offline compliance checks for 100+ applications on PS4 and PS5.
- Prioritised and reported bugs by game stage, and shared game knowledge with new joiners.
